The Federal Retirement Thrift Investment Board administers the Thrift Savings Plan, which provides Federal employees the opportunity to save for additional retirement security.

The Federal Retirement Thrift Investment Board was established as an independent agency by the Federal Employees' Retirement System Act of 1986 (5 U.S.C. 8351 and 8401-79). The act vests responsibility for the agency in six named fiduciaries: the five Board members and the Executive Director. The five members of the Board, one of whom is designated as Chairman, are appointed by the President with the advice and consent of the Senate and serve on the Board on a part-time basis. The members appoint the Executive Director, who is responsible for the management of the agency and the Plan.

Activities

The Thrift Savings Plan is a tax-deferred, defined contribution plan that was established as one of the three parts of

the Federal Employees' Retirement System. For employees covered under the System, savings accumulated through the Plan make an important addition to the retirement benefits provided by Social Security and the System's Basic Annuity. Civil Service Retirement System employees and members of the Uniformed Services may also take advantage of the Plan to supplement their annuities.

The Board operates the Thrift Savings Plan and manages the investments of the Thrift Savings Fund solely for the benefit of participants and their beneficiaries. As part of these responsibilities, the Board maintains an account for each Plan participant, makes loans, purchases annuity contracts, and provides for the payment of benefits.

[For the Federal Trade Commission statement of organization, see the *Code of Federal Regulations*, Title 16, Part 0]

The Federal Trade Commission has jurisdiction to enhance consumer welfare and protect competition in broad sectors of the economy. The Commission enforces the laws that prohibit business practices that are anticompetitive, deceptive, or unfair to consumers; promotes informed consumer choice and public understanding of the competitive process; and seeks to accomplish its mission without impeding legitimate business activity.

The Federal Trade Commission was established in 1914 by the Federal Trade Commission Act (15 U.S.C. 41-58). The Commission is composed of five members appointed by the President, with the advice and consent of the Senate, for a term of 7 years. Not more than three of the Commissioners may be members of the same political party. One Commissioner is designated by the President as Chairman of the

Commission and is responsible for its administrative management.

Activities

The Commission's principal functions include the following:

—promoting competition through the prevention of general trade restraints such as price-fixing agreements, boycotts, illegal combinations of competitors, and other unfair methods of competition;
